

Single Feasible Source Purchase

Title: Nurse Home Visitation for Newborns

Description: To provide nurse home visitation for newborns services utilizing the Nurses for Newborns promising approach model in St. Louis City. The Nurse Home Visitation for Newborn contract with Nurses for Newborns will help to accomplish the following: improving parenting skills, improving maternal health, improving child development, reducing emergency room visits for non-emergent issues, and reducing child maltreatment.

Nurses for Newborns is considered to be a single feasible source because they are identified in the Missouri Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Expansion Grant.
